## ALLEN SUCCEEDS IN FIRST FAIR

Splendid Farm and School  
Exhibits on Display Last  
Monday.

The first of the series of five township fairs for Pontotoc county was held at Allen, and despite the down pour of rain from 11 o'clock in the morning till after two in the afternoon. The attendance was splendid and the interest in the agricultural exhibits and school displays was far greater than the conditions of the fair would indicate. That Allen is interested in something else than oil was clearly demonstrated and that the improvement of her great agricultural interests was a keen and passing question.

Four schools presented displays—Beulah school in Hughes county, Conway school, where Home Miller is the sole teacher; Steedman school, where Mrs. Nellie Baugh is principal and Misses Verna Elliott and Ethel McNally, both of Ada, grade teachers, and an exhibit work done in the Allen schools of last year over which Prof. H. P. Butcher is superintendent. He is well and favorably known to a large circle of friends in Ada having been a member of the summer faculty for several years past. The work of the schools was fine. Allen did not compete in the contest and Steedman won over Conway.

There were presented four farm displays of products grown the present year. J. F. Luke, S. C. Donaghey, A. G. Sanders and Mrs. Vesta Groves were the four contestants, the first prize going to Mrs. Groves and the second to Mr. Sanders.

In the cattle display but two kinds of cattle were exhibited, Herefords and Jerseys.

Four kinds of poultry were displayed, viz: Brown Leghorns, White Leghorns, Light Brahmas and White Rocks. All the four exhibits will probably be at the county fair.

This first attempt to standardize a township fair was a complete success and if the future is to be judged by enthusiasm, attendance, articles displayed and general agricultural uplift the future promises bright. Here today is the first, real test of the great efforts that have been put forth to expand and enlarge farm life of our county and here today was demonstrated the great work that has been done by our county. Mr. J. F. Luke, Joe B. Hill and Mrs. Duvall. Too much praise cannot be given these people. They have labored long and faithfully to bring Pontotoc county to a full realization of our own agricultural possibilities, and their work is bringing results. Could one have seen the keen interest taken by the boys and girls present, a keen realization that the future was theirs, no doubt could exist as to the future of this small part of the world.

Another splendid demonstration was everywhere present, the faithful work that Professor Pratt of the agricultural department of our own East Central State Normal is doing. That that great state institution is being brought closer to the needs of the hour, that the school is building along lines that will benefit the future possibilities of the state, and that the teachers being trained will push onward the educational work especially along agricultural lines, was apparent in nearly all the exhibits. Professor Pratt's work merits much praise.

Next year far greater things can be expected of Allen and the surrounding country schools. Allen promises that it will be that way and that no other section of Pontotoc shall exceed her in the development of her agricultural possibilities.

## COX WILL COME TO OKLAHOMA OCTOBER 1

By the Associated Press  
OKLAHOMA CITY, Sept. 7.—Gov. James M. Cox, democratic presidential candidate, will arrive in Oklahoma City October 1, make his address at one o'clock and depart at 2:30 in the afternoon, according to plans of the democratic state committee, made public today.

Governor Cox will speak at several towns along the route route his trip through the state. Four minute speeches will be made at a number of stations. A special train of four cars will meet the governor at Enid and deliver to the Missouri delegation at Joplin that night, Ben LaFollette, chairman of the state committee said today.

## GOVERNMENT OF ITALY TO MEET METAL WORKMEN

By the Associated Press  
ROME, Sept. 7.—Government officials will open negotiations with the general industrial conference at Milan on Thursday with a view of solving the problem presented by the seizure by workers of metal factories throughout Italy. It is estimated that 400 of the largest metal works in Italy have been occupied by mechanics and workers and the movement is still expanding, threatening to extend to the extreme south end of the peninsula. Elaborate steps have been taken by the government to preserve order during the period when a general uprising of laborers is occurring everywhere.

## FINE COMMUNITY FAIR AT LULA

Four Hundred Bring Lunch  
And Everyone Enjoys  
The Day.

An exceedingly successful community fair was held at the Lula union graded school Friday, Sept. 3. More than four hundred people were present, bringing their picnic dinners with them. A most bountiful dinner was served to all the school children, patrons and visitors. One has to go out into the country to see how bountiful the farmers can provide for those who attend their community gatherings.

After the repast everybody present enjoyed the display of farm products, poultry, etc., and it was the opinion of those in position to judge that the display was one of the best that has so far come to the attention of those interested in the community fairs of Pontotoc county.

There was, also, an excellent display of the school work of the children of this union graded school. The school has ten teachers, and does work including the tenth grade, being approved for ten units by the state high school inspection department, and judging from the samples of the work exhibited at this community gathering, the school is fully up to the standard of the best village schools in this section.

After the exhibits had been inspected Prof. B. A. Pratt of East Central called the meeting to order and explained the purpose of the community fairs, and showed how they all co-operate with the county fair to be held in Ada. He then introduced Farm Agent J. B. Hill, who explained in a clear and cogent way the best manner of preparing exhibits for the county fair. Mr. Hill was followed by Mrs. Duvall, who in an eloquent address showed how the home demonstration department had grown in the last few years, and appealed to the women to participate in the township and county fairs. Excellent addresses were also delivered by Professors Newcomb and Davis of East Central. Superintendent A. Floyd made a stirring appeal for the county fair, and also for the continuance of the high standard of work done in the union graded school of Lula. He explained in detail how the people of Lula should proceed in order to get additional state aid for their union graded school and urged them to vote for the \$3,000 bond for additional school rooms. Mr. Floyd's address was heartily appreciated by the progressive people of the Lula district.

President Linscheid of the East Central State Normal school was then introduced and responded in a characteristic speech in which he showed the value of an education and pleaded for an equal opportunity for all children of school age, rural as well as urban.

Reverend Baker, who taught the first school at Lula, and who is still engaged in school work in this section, outlined the growth of school sentiment in the vicinity where he began teaching a quarter of a century ago.

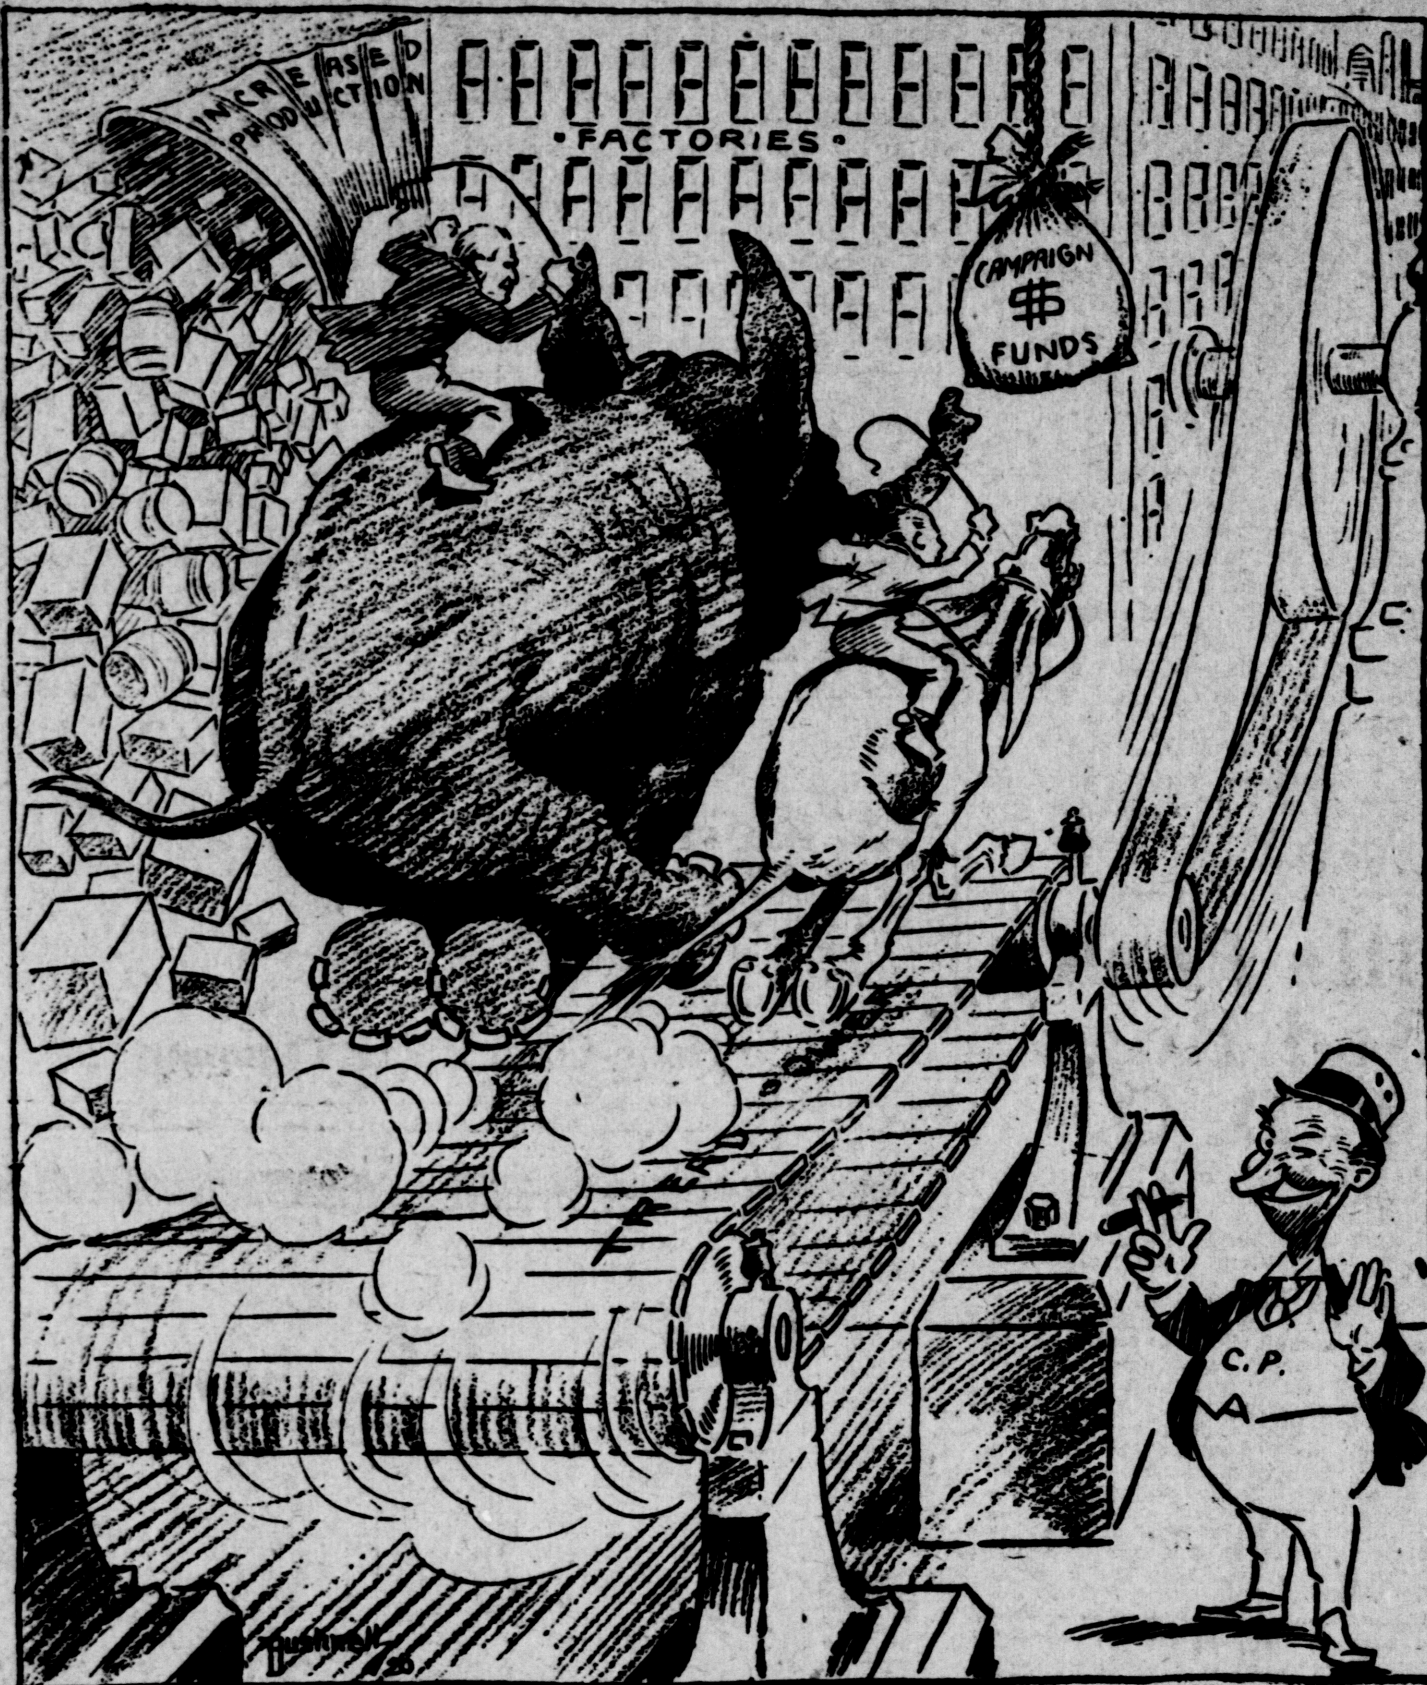

After the addresses there were basketball and baseball games which were thoroughly enjoyed by the young people present.

The members of the Normal school faculty who were present state that this was one of the most successful community meetings that they have ever attended. The people of Lula are to be complimented upon their progressiveness and their community spirit.

## EARTHQUAKE SHOCK FELT IN ITALY THIS MORNING

By the Associated Press  
ROME, Sept. 7.—An earthquake, shock lasting about five seconds was felt this morning at Milan and Genoa, according to dispatches received from those cities.

Wouldn't It Be Great If All the Campaign Energy Could Be Utilized to Increase Production—to Reduce the Cost of the Necessities of Living.

## DEMPSEY EASILY DEFEATS MISKE

Knocks Out Challenger in  
Third Round Yesterday  
at Benton Harbor.

By the Associated Press  
BENTON HARBOR, Mich., Sept. 7.—Jack Dempsey, world's heavyweight champion, received \$55,000 for battering Billy Miske, the St. Paul challenger, to defeat in the third round of their scheduled ten round bout here yesterday, according to a statement of receipts given out today by Floyd Fitzsimmons, promoters of the contest.

The total attendance of the Labor Day battle was 11,348 and the total receipts were \$134,904, including state and war tax. Miske fought on a straight guarantee of \$25,000.

After the knockout it was said that one of Miske's ribs had been broken by the terrific punch he had received in the second round, but the challenger was examined by two physicians and they agreed there was no fracture.

Dempsey did not bear a mark of the battle. He planned to leave for Chicago late today and will immediately go east in search of new opponents to conquer.

## HUNGER STRIKER GROWS WEAK AS FAST CONTINUES

By the Associated Press  
LONDON, Sept. 7.—Terence MacSwiney, lord mayor of Cork, who has been on a hunger strike since August 12, and for several days has been in a critical condition in the Brixton prison here, was reported much weaker this morning, although conscious and able to speak. Father Dominick, private chaplain to MacSwiney, said the prisoner was suffering intense pain in the left side of his abdomen.

By the Associated Press  
LONDON, Sept. 7.—Regarding the statement by Premier Lloyd George, indicating that Lord Mayor MacSwiney probably would be released if guarantees were given that the murder of police in Ireland would cease, Father Dominick said the mayor had no authority to make any promise for the cessation of murder in Ireland, as he was only an individual Sinn Féiner. "If the government is not satisfied that murders are taking place," Father Dominick added, "why doesn't it capture the murderers and execute them?"

## CAMPAIGN COST IS STILL UNDER SEARCH

By the Associated Press  
CHICAGO, Sept. 7.—The senate committee investigating presidential campaign expenditures reopened its session here today. E. H. Moore, personal representative of Governor Cox, and principle witness at today's hearing. He was prepared, he said, to furnish to the committee all "leads" and information the democratic candidate has concerning the republican campaign fund. Mr. Moore declared that he was prepared to furnish the committee with the names of men who could give the minute details concerning the republican fund raising plans.

## COUNTY SHRINE CLUB AT PICNIC

Fez Wearers Meet at Roff  
For Big Picnic on  
Yesterday.

The Pontotoc County Shrine Club held a picnic and barbecue at Roff yesterday at which were present a majority of the members of India Temple, together with their wives, daughters and sweethearts.

The bill of fare consisted of practically everything in season that's good to eat, especially barbecued beef and mutton. The members of the order residing in Roff proved to be splendid hosts and royal entertainers and every body present had most enjoyable time.

Billy Barrowman, potentate of India, and Leslie Swan, recorder were both at the picnic and helped the Indians make merry. Among other things to entertain was a big free picture show and a splendid speech by Tom D. McKeon.

Artificial rubies almost always contain minute bubbles which show only through a microscope.

Tonight cloudy, scattered showers; Wednesday generally fair.

## CITIZEN OF U. S. MANAGES ESCAPE FROM MEXICANS

By the Associated Press  
MEXICO CITY, Sept. 7.—W. A. Gardiner, a citizen of the United States, who was captured by the bandit Zamora on August 20, has escaped, according to official advice.

General Estrada, commanding government troops pursuing Zamora, reported last evening to the war department that he had been advised that an American, MacSwiney, had arrived at Autlan and asked for an escort to bring Gardiner from a ranch some distance from town.

Nothing is known as to the whereabouts of Bertis J. Johnson, a British subject, who was a fellow captive of Gardiner.

## MOORE MAKES A STATEMENT TODAY

Says They Do Not Seek the  
Best Evidence Against  
Republicans.

By the Associated Press  
CHICAGO, Sept. 7.—"The senate committee investigating campaign expenditures is not seeking the best evidence to prove Governor Cox's charges against the republican party," E. H. Moore, the governor's personal representative, told the committee on the stand today.

Mr. Moore told Senator Kenyon there were men better able to tell of republican plans than either he or Governor Cox and asked why Col. William Thompson of New York, chairman of the republican ways and means committee and the "sixty men of the paid organization," were not called.

Governor Cox has no evidence in spite of his charges outside of what Moore brought to Chicago with him, the witness said. Governor Cox sent him to Chicago, he said to give the committee the list from whom the senator could get the information.

He mentioned Harry M. Blain, first assistant to Fred W. Upham, republican national treasurer and several other employees of Upham's office.

"Have you all the leads Governor Cox has?" Senator Kenyon asked.

"I couldn't say as to that."

"Governor Cox has no evidence outside of what you have brought us?" Senator Kenyon continued.

"I think not."

The chairman asked Moore if he had said that the committee was afraid to call him to the stand and if he had said that the committee was not seeking to prove the governor's charges.

"I did not," the witness exclaimed. Kenyon said: "I am not getting angry, what I said was that you were not seeking the best evidence and I say it again, you are not."

In answering Kenyon's direct question for names of men who know about the Ohio fund, Mr. Moore went into a long explanation of his understanding of the republican campaign fund organization. He said it was headed by Colonel Thompson, and that it had as state chairman, men whom republican bulletins described as "of commanding influence."

## THE DAILY SQUIB

"Criticism alone is not reformation."

## "Want Ads" Cash Hereafter

Tomorrow the News will begin the policy of charging cash on the spot for all classified advertising appearing on the "want" or classified page. Hereafter the News has accepted "want" ads by telephone and on time basis, the same as display advertising, and as a consequence the bookkeeper is overworked with a multiplicity of petty accounts which are hardly worth the work of recording and collecting.

On first thought business men will no doubt feel that exception should be made in their case, especially those who are regular advertising patrons, but on reflection it will be seen that it is impossible to make exceptions to the rule if the rule is to be worth anything. Investigation reveals the fact that practically every other daily paper in the country has been forced to resort to the cash basis for classified ads. This is due to the fact that the credit plan overloads the bookkeeper, practically doubles the work of the collector and, in addition, twenty-five per cent of classified ad accounts are uncollectable by reason of the fact that they are on any and all classes of people.

The last and best reason why we will be unable to deviate from the rule regardless of who you are is the fact that on tomorrow we abolish bookkeeping on this class of business. Naturally this makes the rule imperative.

Remember that "want" or classified ads are cash with the order, but also remember that this does not apply to anything else the News has to sell.

## DRY LEADER IN KEYNOTE SPEECH

Enforcement of Dry Law  
Is An Issue Says  
Calderwood.

By the Associated Press  
CHICAGO, Sept. 7.—Maintenance of the federal prohibition laws is the keynote of the prohibition party's presidential campaign, W. G. Calderwood, prohibition campaign manager, said here today discussing the issues as viewed by his party.

"The position of the party in this campaign," Mr. Calderwood said, "is that the prohibition party is needed in the failure of the major parties to take any stand on the prohibition question."

"Next to prohibition, our candidates will discuss the league of nations. I think we take the best stand of any on this question. We urge immediate ratification of the league treaty together with the covenant. We believe the quickest and best way to obtain what changes are needed is to get into the league and fix it from the inside, according as experience teaches, rather than stand around theorizing to no effect on the outside and so blocking progress."

The speaking tour of the prohibition party's presidential nominee, Aaron S. Watkins of Germantown, O., began September 6. The vice-presidential candidate, D. Lehigh Colvin, of New York has already been on the road several weeks. He is swinging through the west and is scheduled to be in San Francisco today.

Mr. Watkins' first trip will carry him through the middle west and both he and Mr. Colvin knock off for a couple of days around September 23 to attend the international congress against alcoholism in Washington. From there the candidates will go east and south, touring separately for the most part but holding occasional joint meetings in important eastern cities.

Campaign headquarters are situated in Chicago, at national headquarters of the party. W. G. Calderwood, the campaign manager is a member of the prohibition national committee and a resident of Minneapolis.

## POLAND IN TROUBLE PETITIONS THE LEAGUE

By the Associated Press  
LONDON, Spt. 6.—The Polish government has addressed an appeal to the league of nations, requesting its mediation in the Polish-Lithuania dispute. Unless an improvement occurs in the situation Poland will be compelled to declare war on Lithuania, the appeal states. The communication declares that an unprovoked attack had been made on Polish troops by Lithuanian forces.

## WINNIPEG MAN HAS GAINED 25 POUNDS

I have gained twenty-five pounds by taking Tanlac and never felt better," said E. J. Coleman, well-known painter and decorator, of 195 Michigan Ave., Winnipeg, Man. "About a year ago I had double pneumonia," said Mr. Coleman, "and it left me a wreck. I was too weak to walk by myself and my stomach was in such bad shape I could hardly eat enough to keep a bird alive. My nerves were so shattered I almost collapsed when a friend one day unexpectedly slapped me on the back. It was out of the question for me to sleep at night—I was even afraid to be alone in the dark and had to have someone in the room with me all day. My kidneys were so out of order that I had a pain across my back nearly all the time and I lost so much weight I actually looked like a frame."

"I had taken so much medicine without getting better that I was discouraged and when my folks brought me a bottle of Tanlac I didn't want to take it; but finally I tried it and, much to my surprise, I began to improve right away. Now I am on my fourth bottle and am so well I can do as hard a day's work as any man. I eat heartily of anything I want and never have the slightest pain or trouble of any sort whatever now. As long as I live I'll never be able to praise Tanlac enough for what it has done for me."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., in Roff by Dowdy's Pharmacy, in Allen by McManis & Rose and in Vian by Chas. L. Berger.

If you feel bad, if you are "blue" tired and discouraged, without apparent reason, you need Prickly Ash Bitters, the system purifier. It restores action in the torpid liver, cleanses the stomach, helps digestion, drives out gas and fermented matter in the bowels, and brings back that fine feeling of strength, vim and cheerfulness which belongs only to perfect health. Price \$1.50 per bottle. Gwin & Mays Drug Co., special agents. (adv)

## LETTER FROM MRS. BRUCE

Tells Remarkable Story of  
Sickness and Recovery.

Brookburg, Ind.—"When I was a young girl I clerked in my father's store and lifted heavy boxes which caused displacement and I suffered greatly. I was married at the age of eighteen and went to a doctor about my trouble and he said if I had a child I would be all right. After three years twins came to us and I did get all right but three years later a baby boy came and I was troubled again. I could scarcely do any work at all and suffered for four years. A neighbor told me about Lydia E. Pinkham's Vegetable Compound and I took it for a year or more. Now I have a baby girl and do not have any female trouble. You can do anything you like with my letter to help others."

—Mrs. J. M. Bruce, R. F. D. 3, Brookburg, Ind.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

## SEARCHERS FOR BURIED SILVER TO BE DOOMED

By the Associated Press

GALVESTON, Tex., Sept. 7.—Searchers after buried silver on the mainland opposite Pete Island, eighteen miles southeast of Corpus Christi, Tex., probably are doomed to disappointment, in the opinion of Dr. J. O. Dyer, a local writer on historical and scientific subjects. The rush of treasure seekers began with the discovery of twenty-five skeletons, popularly believed by many to be those of members of the crew of a Spanish treasure ship which foundered off the Texas coast early in the eighteenth century. No record is available of any such wreck.

The "life" of a skeleton buried in the sands of the beaches of the coastal country, Dr. Dyer points out, is not over forty years. He says also treasure ships

from Mexico to Spain were discontinued after 1820, partly because of the activities of Jean Lafitte's fleet of buccaners.

Even before that time the Spaniards tried to avoid excessive losses from storms and Lafitte's fleet of buccanering vessels and fifty Spaniards transported less than twenty tons of silver bullion to the vessel. Then, the current rate in Mexico was approximately \$10 a trop pound. The most valuable of all Lafitte's prizes, the Sevilla, carried only \$150,000 in specie.

Lafitte's captured treasure, according to the records extant, was buried in three caches. Two of these were located on Galveston Island and the third on a small island to the east, which was com-

pletely washed away during a storm in 1829.

There have been many reports of the discovery on this coast of caches of coin or chests from trading ships containing from \$3,000 to \$15,000.

The ostrich feather cultivation industry started in 1868.

### OLD PAL PETE:

This is a P. S. to the letter I wrote you on the buzzing limited. Kid, for a fact, I'm hitting 13 on making up Camel advertisements. And I'll say it right here! Porter, give us the lights!

Just skimmed another swell Camel fact! Stop this: Guess I've smoked a million Camels! Pete, they never tired my taste yet!!!! And, old socks, put Camels to the test! Then you'll wise up that Camels leave no unpleasant cigarette after-taste nor unpleasant cigarette odor!

That's some smoke news, I'll say, when you been trying to fuss the "straight" brands! And, old shoe, you ought to know, they gave you a lacing!

What makes a dent on my disposition is that while Camels are the mildest cigarette and the mellowest cigarette any man can buy they've got all the "body" you ever heard tell of!

Why Pete, I got as many new selling ideas about Camels as there are hairs on a purr-kitty's tail!

Drop your old lamps down here,—how's that for blazing the joy Camels pass out!

## What Makes You Nervous?

There is something radically wrong with the man or woman who "flies off the handle" at the least annoyance. It is not natural for one to be ill-tempered or quick to collapse when things don't go exactly right.

Allow yourself to go on in this fashion and you will soon be a

victim of chronic nervousness, with all its accompanying disorders.

Nervousness of course is due to imperfectly acting nerves. The nervous circuit is obstructed, and until this obstruction is removed permanent relief is not possible.

In cases of chronic nervousness Chiropractic has proven wonderfully restful, for the reason that the Chiropractor goes right to the source of the trouble. His analysis shows one or more of the vertebrae of the spinal column out of position and he immediately corrects the error by adjustments, thus removing the cause of the retarded flow of the nerve currents.

When this has been done all the attendant disorders which usually accompany chronic nervousness, including indigestion and constipation, naturally disappear.

No matter what your ailment may be, let us make a free analysis and tell you frankly just what Chiropractic adjustments will do for you.

Growing Children Need the Best Milk—  
Give Them Klim

Of course you want your children to have the very best milk that you can buy. Milk—with all the growth-

promoting qualities in it—milk that is rich, pure, and fresh. That is Klim.

Spell it backwards

KLIM  
BRAND  
POWDERED MILK

Milk is  $\frac{1}{2}$  water and  $\frac{1}{2}$  solids. The solids give milk its character, its flavor, its food value. Remove the water and all the valuable part is left. Replace the water and it becomes liquid milk instantly—just as rich, as fresh, as delicious as the richest, creamiest country milk you ever drank.

Know that your children are getting the best milk from the greatest dairying center. Keep a supply of Klim on hand. Give it to the children often. Their growing bodies need it.

Serve Klim for supper tonight and see how enthusiastic the whole family will be over its genuine, fresh-milk flavor.

Klim comes in two forms: Klim Powdered Whole Milk (full cream) and Klim Powdered Skimmed Milk (for all cooking purposes). A 2½-lb. package of Klim Powdered Whole Milk makes 10 quarts of liquid whole milk.

Go to your nearest dealer and get a supply today.

## THE RAID ON LABOR

A significant straw of the national campaign is found in the speech made the other day at Sullivan, Indiana, by Senator Watson of that state. Watson speaks as a man of authority. He was chairman of the platform committee at the Chicago convention. Eight years ago he was floor leader of the steam roller brigade that robbed Theodore Roosevelt of the nomination he was entitled to. He is the bosom friend and boon companion of Senator Harding. Anything that he may say in the campaign may reasonably be expected to reflect the views of the old guard organization and its choice for the presidency.

Wages are too high is the gist of the Watson pronouncement. The laboring man is getting too much for his work and has received too much ever since Wilson became president, according to Watson. He caustically arraigns the democratic party for so fixing things that laborers draw excessive wages and declared indignantly that wages must be reduced. Inferentially he favors the reduction of wages and hopes to see wages reduced by the Harding administration.

If wages are too high, what of it? Many laboring men admit frankly that they cannot give a fair return in production for the wages they receive, but that they are simply unable to live and pay high prices on a smaller wage. They say that they would be willing to see wages reduced if other things were only reduced proportionately, but so long as prices remain what they are today any reduction in wages would bring the laboring element into the breadline.

The truth of the matter is that wages have not increased in proportion to the increase in price of the necessities of life. Where labor has advanced from forty to fifty per cent, many necessities have advanced 200 to 300 per cent. Even at present wage scales the wage earner is in many cases worse off than he was before his wages were raised. He is therefore in no position to see Watson and Harding cut the price paid for labor unless the prices of various commodities be reduced materially and at the same time that wages are brought down.

In the appeal of Senator Watson is revealed the century old philosophy of the men with whom he trains and whose interests he represents in the senate. Legislate at all times in the interest of the man at the top. Increase his prosperity and a small part of his prosperity will leak through on the man lower down in the scale of life. If any reduction in prices is found advisable, apply the paring knife to the wages of the man lower down. That is the principle on which the old guard has ever acted. That is the principle advocated today by Senator Watson. That is the policy that a reactionary administration may be expected to employ. Out of the mouth of Harding's prophet has come the promise of what Harding may be expected to perform.

The man who works for wages and desires a living wage, should think long and seriously before casting his ballots for a candidate who will inaugurate a war on high prices by making its first attack on the pay check of the laborer.

When Congressman Britten of Illinois appeared before the senate committee now investigating campaign contributions to explain his charge that the British government is contributing money to the democratic presidential campaign, he practically admitted that he didn't know what he was talking about. He had heard that the British ambassador at Washington had received \$87,000 from his government for purposes of entertaining and as Britten believed that this was too much money to be spent for entertainments, he promptly came to the conclusion that the money was going to the democratic committee treasury. This is not the first time that Britten has appeared in the limelight. During the war period he was found lined up with Meyer London, the Socialist congressman from New York and on one important war bill Britten and London cast the only two negative votes.

In fertility of soil Pontotoc County easily surpasses the reaches of the Mississippi or the delta of the Nile. Right here in Ada can be found vacant lots that produce the most beautiful weeds in bountiful profusion. Higher than a Kentucky cane-brake and denser than the effluvia of a Georgia cake walk they bear striking testimony to the productive power of Oklahoma soil. Moreover, they furnish a wonderful hiding place for the bat and mosquito and other evil things that prowl at night. Down their dim and damp corridors can be seen the flashing light of the firefly, as he waves his flashlight at high noon and chants the praise of his benefactors who permit the weeds to grow unmolested year after year. Great is the soil of the city of Ada and beyond comparison is the luxuriance of the city weeds.

The campaign for the purification of politics in Oklahoma was ushered in by a speech from a man who paid \$2,500 each for delegates to the Chicago convention.

## IMMIGRATION TO U. S. ALARMING

At Present Pace People of  
U. S. Will Soon Be  
Cosmopolitan.

By the Associated Press

WASHINGTON, Sept. 7.—Thirty-four million immigrants have entered the United States in the past century. In the same time the population of the country has increased 97,000,000.

Until the world war the effect of immigration on the population increase was very marked, amounting to more than 50 per cent in the decade ending in 1910. It exceeded 40 per cent in the ten years ending with the present year and immigration bureau officials are of the opinion that had the war not intervened the percentage for this decade would have been greater than that of the last.

During the first 10 years of the century or from 1820 to 1830, the number of immigrants arriving in the United States was less than one per cent of the increase in population, the figures being 143,439 immigrants and 3,227,567 population increase. In the next ten years this one per cent had grown to 12, the census of 1840 showing a population of 17,069,453, with an increase of 4,203,433 while during the same period 599,125 immigrants entered the country.

In the next decade ended in 1850 the population increased 6,122,423, while immigration totaled 1,713,251, or slightly more than 16 per cent.

In the ten years ended in 1860 the population increase was 8,251,445, while immigrants entering the country numbered 2,598,214, or more than 25 per cent of the population increase.

The next decade saw the population increase 7,115,050 and immigration totaled 2,314,824 or slightly more than 28 per cent. The percentage decreased during the ten years ended with 1880 owing to an unusually large increase in population. This increase was 11,597,412 while the total of immigration was 2,812,191 or about 19 per cent. In the decade ended in 1890 the population increased 12,791,931 while 5,246,613 immigrants entered the country, making the percentage about 42 per cent.

In the succeeding decade ended in 1900 there was a sharp decrease in immigration with the result that persons coming into the country represented only about 23 per cent of the population increase. This was 13,046,861 while the number of immigrants arriving was 3,844,420.

While the population increase remained at about the same ratio during the decade ending in 1910 there was a very decided increase in the number of immigrants, the former being 15,977,691 and the latter 8,795,386.

The estimated increase for the ten years ended this year (1920) is 14,000,000, while the total number of immigrants during this period was 6,100,000. The percentage ratio thus was only about 43 per cent, this being due to the falling off in immigration during the four years of the world war.

Of the 34,000,000 immigrants entering the country in the last 100 years, nearly one-fourth of them, or 8,205,675 came from England, Ireland, Scotland and Wales. Germany furnished the second largest number, 5,495,539, and Italy the third largest, 4,100,740. Austria-Hungary was next behind Italy with 4,068,448, while Russia was fifth with 3,311,405. The Scandinavian countries, Denmark, Norway and Sweden, sent 2,134,414 of their citizens to the United States. The total of immigration from

France in the 100 years has been 2,229,030. The total for the 27 years was 229,030.

From countries not specified, including parts of Poland, Serbia and many others, have come a total of 2,100,000.

At the outset England, Ireland, Scotland and Wales furnished the bulk of the immigrants, the largest total from the British Isles, 272,740, coming over in 1851. By that time there also was a large flow of immigrants from Germany, the total in 1853 being 215,009, or the largest in any one year except 1882 when the high mark of 250,630 was reached.

Immigration from the British Isles began to decrease in 1851, fluctuating between 32,000 and 160,000. In the 12 years preceding the world war the number of immigrants from those isles averaged about 80,000 annually.

The tide from Germany began to turn in 1887 and since that time the number of immigrants arriving here has steadily decreased,

reaching the low mark of 35,734 in the year before the world war.

At about the same time that immigration from the British Isles and Germany began to decrease that from Italy, Austria-Hungary and Russia advanced rapidly. It was not until 1891 that the number of immigrants from Italy passed the 50,000 mark. It averaged slightly better than that total for the succeeding ten years and then increased almost every year, attaining a record of 285,731 in 1907. The year before the world war it was 283,734.

Immigration from Austria-Hungary exceeded 50,000 in 1901, went to 100,000 in 1902, reached the high mark of 338,452 in 1907 and was 278,152 the year before the war. Russia did not pass the 50,000 mark until 1899 and it was not until 1902 that immigration from that country exceeded 100,000. The high mark, 291,040, was made in 1913.

The peak of the movement from the Scandinavian countries was reached in 1882 with 105,326. It gradually decreased thereafter until

it was only 26,851 in 1895. The total the year before the war was 23,391.

In only six years of the 100 has the total of immigrants entering the country exceeded 1,000,000. Twenty thousand more than that number entered in 1905, in 1906 the total was 1,100,000 and in 1907 it reached the record of 1,285,349. The million mark was not reached again until 1910, the total for that year being 1,041,570.

Two years again elapsed before the million mark was reached, the total for 1913 being 1,197,892. In the year that the world war began 1,213,480 aliens passed into American ports, but in the first year of the war this total had decreased to 326,700. In 1916 it was 298,826. In 1917 it was 295,403; in 1918 10,618 and in 1919 it was 141,132.

## Society

Life is more than living.  
And love is more than dreams;  
The best of all is giving,  
For from that virtue springs.

The sense of all things splendid,  
The light of all things dear,  
The life by love attended,  
The sane and sunlight cheer.

To live is but a habit,  
A routine of the day;  
To live so that our living  
Makes sweet some darkened way.

Ah, test your life by that law  
And learn what else may bide  
In struggle and in effort,  
Than just to stem the tide.

And just in calm contentment  
To pass from life to life,  
As part of time's dull program  
Of laughter and of strife.

There must be large things for us,  
And high things e'er the test  
Can show us life's right living,  
Its noblest and its best.

**Pool-Jackson.**  
Arvest Pool and Maurine Blanche  
Jackson were quietly married Sun-  
day evening at 7:30 at the home of  
the Baptist pastor, Rev. C. C. Morris.

The groom has made his home in  
Ada for fourteen years, and, to be  
sure, is no stranger here. He is at  
present employed by the Ada Mill-  
ing company.

The bride has lived in Ada for  
years, most of which time she has  
spent in the schools here. She is  
working for the Argonne Electric at  
present and will continue to hold  
her position. She is a member of  
the Methodist church and has long  
identified herself with Christian  
work.

Both the contracting parties have  
a wide circle of friends who wish  
them long life and a happy sail  
on the sea of marital bliss.

## CHANDLER WINS TWO BEST GAMES

Play Three Game Series at  
Fair Grounds Park and  
Take Honors.

In a three game series played  
here Saturday, Sunday and Mon-  
day by the clubs of Ada and  
Chandler, the visitors carried away  
the majority of the victories, win-  
ning Saturday and Sunday.

Good crowds were present at all  
games and the rain Sunday night  
and the following day made the  
diamond for Monday's game very  
fast. The ground was packed hard  
and the rain had a tendency to  
make it even better.

Covington for Ada, pitched a good  
game and his team-mates gave him  
good support. Nations and Biggers  
held the mound for the visitors  
and did some very good work, but  
did not get the layout so as to  
score.

Saturday—4 to 1, Chandler.  
Sunday—5 to 4, Chandler.  
Monday—4 to 0, Ada.

## Lions Club Have Luncheon; General Barrett Is Guest

A most enthusiastic Lions Club  
meeting and luncheon was held at  
the Harris Hotel today at 11:30.  
Numerous matters of business  
came before the club and were dis-  
posed of, among them being the  
question of Ada's new swimming  
pool. A committee was appointed  
by President Robert Wimbish to  
look after the matter.

General Charles F. Barrett of the  
Oklahoma national guard and Major  
A. P. Donahue of the same organi-  
zation were guests at this meeting.  
General Barrett made a very inter-  
esting talk before the meeting in  
regard to perfecting a unit of na-  
tional guard in this city. He ex-  
plained the necessities of having  
such organizations in the country  
and further made explanation as to  
the course to be pursued in gain-  
ing for Ada and Pontotoc county a  
battery of the 1st Oklahoma Field  
Artillery.

He explained that the federal  
government would equip the Ada  
unit and that the citizens of this  
city and county would bear no ex-  
pense whatever. He added that all  
expenses other than that of the  
armory were paid by the federal  
government and something like  
\$500,000 worth of equipment would  
be allotted to this battery.

A committee was appointed to  
confer with him this afternoon and  
a canvass for enlistments will be  
under way in the next few days.  
This movement received the en-  
dorsement of the Lions Club and  
practically all citizens are con-  
fident that it will meet with the ap-  
proval of the people and that Ada  
can soon boast of an organization  
of artillery.

The new members of the Lions  
Club are A. L. Fentem, Bill Coff-  
man, Rev. N. P. Patterson, Wm.  
Pegg, H. P. Donley and Foster Mc-  
Swain. The meeting adjourned un-  
til Sept. 21st.

## East Central State Normal Opens Today; Many in Attendance

The fall semester of the East  
Central State Normal of this city  
opened this morning and something  
near 150 students have been en-  
rolled up to this hour.

Dr. A. Linscheid, formerly of  
Durant, is the president. Doctor  
Linscheid came to this city from  
Durant and is noted as one of the  
state's foremost educators. He was  
formerly connected with the South-  
eastern State Normal at Durant and  
succeeded Dr. M. L. Perkins, who  
is with Phillips University at Enid.

Practically all of last term's  
teachers will be here and are very  
enthusiastic over the prospects of  
having the best term for many  
years. It is expected that a ma-  
jority of students who have not  
finished and are not teaching will  
re-enter the school this term.

An added feature of this term is  
football. W. N. Clary, a graduate  
of Clarendon College of Texas, will  
be in charge of physical science and  
athletics. The football schedule is  
made out and there are only three  
open dates at present. It is ex-  
pected to have these games played  
in Ada.

The future of this term is very  
promising and the buildings and  
grounds have been given a thor-  
ough overhauling and the civic  
example set by the faculty and stu-  
dent body of the E. C. S. N. speaks  
well of the city and school.

## At the Ada Playhouses

### American.

This theater is offering today,  
"Silk Husbands and Calico Wives,"  
a big feature portraying the strik-  
ing unbalance of a woman's life  
compared to that of her more pro-  
gressive mate. This play will be  
most interesting and entertaining  
to every man and woman, married  
or single. Do not fail to see this  
big feature.

### McSwain.

A motion picture that ranks  
with the most beautifully and ex-  
travagantly screened spectacles of  
all times was shown at the McSwain  
Theater last evening, where "Every-  
woman" opened an indefinite run.  
No expenditure of artistic effort or  
money has been spared in making  
the film version of this famous  
allegorical play pleasing to the eye  
and the cast has been selected in  
thorough accord with the magnifi-  
cent setting. Violet Heming, the  
beautiful screen and stage actress,  
is Everywoman, and the company  
includes Theodore Roberts, Wanda  
Hawley, Monte Blue, Raymond Hat-  
ton, Bebe Daniels, Mildred Reardon,  
and Margaret Loomis.

The story centers around the  
quest of Everywoman for Love,  
which she finds only after disas-  
trous encounters with Wealth, Fas-  
tion and Flattery. The scenes in the  
palace of Wealth are especially lux-  
urious. The striking character of  
this unusual story has been well  
brought out.

For skin eruptions, rash, chafed  
skin, prickly heat, chigger bites and  
stings of poisonous insects, Ballard's  
Snow Lotion is an effective ap-

## Church News

Senior "L. of J." Meeting.  
The Senior "L. of J." Meeting  
will be held this evening at the  
Christian church at 8 o'clock. Boys  
from 12 to 15 are welcome to this  
meeting.

**Additions to Christian Church.**  
Three persons were added to the  
membership of the Christian church  
Sunday morning. They were Mrs.  
Thomas Crider, recently of Boise,  
Idaho; and Mr. and Mrs. V. A.  
Newcomb, who have been members  
at Bolivar, Mo. We are glad to  
have these good people with us, and  
extend to them a hearty welcome  
into our midst.—C. V. Dunn, Min-  
ister.

## HARDING WILL COME TO OKLA. IN NEAR FUTURE

OKLAHOMA CITY, Sept. 7.—  
Sen. Warren G. Harding, repub-  
lican nominee for the presidency,  
will speak here either October 1  
or 2. Jim Harris, chairman of the  
republican state committee, announ-  
ced today upon his return from a  
conference of state chairmen at  
Chicago.

Jake L. Hammon, republican na-  
tional committeeman, in a state-  
ment at Ardmore yesterday, an-  
nounced that the senator would  
speak here on one of these two  
dates.

Senator Harding plans a western

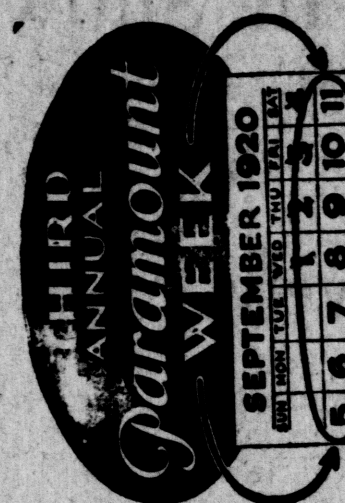

tour to begin September 25. Mr.  
Harris said. His route will be  
practically straight to Oklahoma  
from Marion, in order to enable  
him to meet Governor Cox, who is  
scheduled to make an address here  
October 1.

Lieut-Col. Theodore Roosevelt Jr.,  
who speaks at Vinita and Tulsa to-  
morrow has consented to make an  
airplane trip to Okmulgee and de-  
liver an address there between his  
afternoon and evening speeches.

Heartburn after a hearty meal  
means weakness in the digestive  
organs. Prickly Ash Bitters gives  
them strength, tones up the stom-  
ach and purifies the bowels. Price

# School Days

One more week before school begins—one more week in which to get  
the kiddies ready for the coming term.

And there are so many things they will have to have books, and tablets,  
and pencils; dresses and ribbons, and stockings—almost a whole new outfit  
when they start to school.

Shopping for all these things would be an ordeal to be dreaded were it  
not for **THE REED STORES**.

With their complete lines of merchandise displayed on open counters for easy selection, and  
with courteous sales girls to assist you in finding what you want, you can supply almost any need  
in the one store.

And you may be sure the quality is equal to the best. An immense buying power makes it pos-  
sible for them to command quality merchandise at prices that mean a real saving to you.

Make it a point to visit REED'S when you go shopping.

# The Newest FALL FASHIONS

**Exclusive But  
Not Expensive**

## In Showing of Apparel for Women, Misses and Children

Our Standard Lines Are Absolutely Correct From A Style Standpoint, Quality and Workmanship of the Best, and Priced Within the Bounds of Reason and Purse. The Newest of Coats, Suits, Skirts, Frocks and Dainty Accessories Await Your Choosing

**Exclusive But  
Not Expensive**

### Suits Are Lovely

All lovers of good standard style and first-class tailoring will be on hand for your choosing. The three-quarter, or finger-tip length jackets are here with plain skirts. We have them in the loveliest materials—Duvetyne, Vede, Vyne, Broad cloths, and Tricotines—the very snappiest cloths of the season. Commensurate with our other standard lines, ours are by no means in second place. The famous Printzess, Palmer and Hirsh lines are here in every imaginable model and design. Watch for Printzess and Palmer ads in leading magazines.

**\$39.50 to \$130.00**

### Blouses

New arrivals of the very newest smocks and blouses in all the alluring colors, however, the new shade, Aztec and Navy Blue, seem to hold a preponderating figure. Beautifully embroidered in colors of Egyptian hues or trimmed in laces are rare. Satins and Georgettes, even Taffetas all enhanced by a colorful sash of brocade or plaid, irrespective of taste in blouses, among this fascinating collection of the very newest and best, you will certainly find something to suit. An exclusive blouse section in our store.

**\$7.50 to \$22.50**

### Luxurious Furs

Why go to Chicago or St. Louis, or some other notable "Fur Port" to purchase your skins, when you can come to SHAW'S EXCLUSIVE SHOP and buy just as good at even a remarkable saving. This year's fur coats are of good length, with full sweep of skirt, slip through belts and beautiful linings. But what will probably interest you more, especially for this section of the country, is our wonderful array of scarfs and muffs, of Coney, China Wolf (brown and black), Red Fox and Seals. We cannot emphasize too strongly this collection.

**Coats \$125.00 to \$200.00**

Scarfs and Muffs \$14.50 to \$65.00

### NEW CORSETS FOR AUTUMN WEAR

Be careful about the corset you wear, it will make or mar your attractiveness, and when you buy your Corsets be mindful of this—the natural line is still the vogue. You want a corset you can depend upon for wear and for comfort. Here we have it—the world's best makes. REDFERN, WARNER and ROBERTA.

**\$2.50 to \$12.50**

### School and College Equipment

Before embarking for school buy your clothes and other accessories here. It would require too much space to enumerate everything that we have that the school girl would like.

—College Lingerie —College Baggage  
—College Silks —Room Necessities  
—College Ribbons —Attractive Hosiery  
—School Trunks —Notions, etc.

Our Beau Monde Silks and Woolens in all the newest patterns and designs are here in a fresh arrival. Duvetyne, Velvets, Velours and Woolen Plaids and Charmeuse.

Ranging up to \$12.50 yard.

# Autumn 1920

Women who are planning their fall wearables need not hesitate to make selection at once, for our showing of the new and authoritative styles are so abundant, so bright, so varied, so interesting, so complete that there is little else to be desired, and because there is nothing prettier yet to come. The Miss planning to go to college can find just what she wants here, for ours are complete lines from the leading makers that assures one of style and quality.

The above pen drawing is an exact production of several of our garments.

### Frocks

If you prefer the straight-line model ours will be most acceptable. When we were beginning to think that designers of frocks had reached their ultimate, and that no one could imagine anything more becoming, yet beautiful and graceful, along come the new models for 1920 and take our breath away. Our dresses include the famous Sperling, Triplex and Campen lines, and are designers of the greatest who cater to the very whims and trend of dame fashion. Be sure to arrive before the prettiest ones are gone. We want you to see them all.

These frocks are the most distinctive, and made of the most durable but yet stylish materials—Satins, Charmouses, Serge and Tricotines, elaborately trimmed with beads and braid hold the most conspicuous place.

For Style—For Value—For Service—See Us.

**\$34.50 to \$100.00**

### Distinctive Millinery

Ladies here we introduce to you Miss Gora Gild who for many years has ardently observed Dame Fashion's irresistible features. She has recently arrived from the East, where she spent a great deal of deliberation in purchasing us thousands of dollars worth of the newest classics. Hats are lovely—Duvetyne of elaborated tailleur style with alluring colors as trimmings in turban and close-fitting effects, and so irresistible is plaiting that is has jumped from skirt to hat. All over the brim, in fact, not to mention how it creeps right up onto the crown in many models. There is a preponderance of smart sailors of hatters' plush, straight and role brims. See our line of the smartest from Vanity, 5th Avenue, Edson, Ach and others. "Have it becoming."

Millinery that will suit the most fastidious whims of Milady and Mrs. Good Dresser.

**\$7.50 to \$40.00**

### Coats

Coats, box plaited, giving the very fashionable, straight line effect, with raglan sleeves which permit of wearing a sweater underneath in the severest weather is pronounce. They are lovely, generous of material, with graceful sweep, deep shawl collar and wide flaring cuffs. Materials in Plush, Duvet de Laine, Broadcloth and Polo cloth are the most stylish. They are very boastful of our most complete line of coats, especially in plushes. Nowhere in this section of the country will you find a more complete line. Notice the pen drawing in the cut of one of our popular Plush numbers—the work of artistry portends to portray as it would look on you.

**\$34.50 to \$125.00**

### Dainty Footwear

Nowhere in the modern woman's independence in style matters more manifest than in the world of footwear. Cuban heels, this season, will hold the sway and fastidiousness of society's whims; French heels, will of course be noticeable to some extent; Browns and Blacks are leading the field by far. Ladies just a visit to our newly arranged shoe section will convince you that Queen Quality Krippendorf-Dittman, Utz-Dunn and our other good lines are the best.

**\$7.50 to \$20.00**

### Sweaters

Fashion holds in store the school girl's real Ideals in colorful, youthful sweaters. Shaw's Sweater Department was never more complete than now with smart, new all-silk Tuxedo types in autumn's newest shades. Practical sweaters in worsted yarns, in the brightest of hues and are surely meant to keep away the chills of winter and satisfy a school girl's fancy. Our sweater department contains every sort of design and color in the way of knit goods, even for the infants on up to the grown-ups, in coat tie backs and slippers.

**\$4.50 to \$27.50**

### NEWS FOR MISSSES AND CHILDREN

The sub-deb will certainly be in her element this season in the girlishly simple, alluring frocks of all materials, her artistic fancy most admires. Delightful of design, youthful of line and altogether lovely are these Girls' and Misses' costumes, tailleur and clever little Coats.

### Accessories

Just a few words will convince you of the great organization and purchasing power of this huge store. You have right here in Ada a merchandising emporium with 17 departments, all carrying standard lines of merchandise, and "always something new" from our New York resident buyers and department buyers, whom we have in organization, at a great expense. But our large production in selling keeps the price down lower than we are really justified in doing.

## Woman Thinks She Is Privileged to Talk

"If anyone ever had a miserable stomach I surely had. It was growing worse, too, all the time. Had severe pains and attacks every ten days or two weeks and had to call a doctor, who could only relieve me for a short while. Two years ago last February I took a treatment of Mayr's Wonderful Remedy and I have not had a spell of pain or misery since. My friends just wonder that I am looking so well. I feel that I am privileged to talk about it." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

## NATIONAL LEAGUE IS NO PLACE FOR WEAK-HEARTED FAN

Left to right, above: Mameaux, Salles and Benton. Center, in Giant uniform: Fred Toney. Below: Cadon and Eller.

The big league pennant races this season are the prettiest that have been staged in many moons. While the American league scramble has been a close one, the Indians have hogged the lead most of the time. First place has been changing hands so often in the National that the printers

are dizzy. Brooklyn, New York, and the Cincinnati Reds are fighting it out for the flag right now and the result seems to hang on how the pitching staffs of the three teams go in the next few weeks. The teams rank about even in batting strength. The Dodger hurling staff, composed of

Grimes, Cadore, Marquard, Mameaux and company, is by far the most formidable now. But the Giants' mound outfit has been strengthened recently by the return of Benton to form. The Reds' staff has been weakened all season by the failure of Salles and Eller to win under the new rules.

## BASEBALL AND SPORTSMANSHIP

Fans Responsible for the Ethical Shortcomings of National Game.

Who ever heard a second baseman say, "I didn't touch him—he's safe?" Or a runner admit, "I missed the bag—I'm out a mile?" It simply isn't done. Are we, either spectators or players, as good sports as we like to think we are?

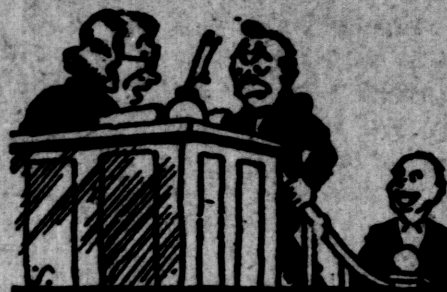

Every now and then some advocate of another sport casts an armful of aspersions at the sportsmanship of professional baseball—and some of them hit in tender places. The primary design of baseball is to win, to reach the objective—according to the tactics and customs of the game, if possible—but to reach it. Even in college baseball games the rival collegians forget the show of courtesy which they would keep up in any other sport and try to rattle the opposing pitcher, to get his nanny in any way possible.

A losing football team may be slobbered over by its rooters, but no fan has any use at all for a losing baseball team. When the New York Giants are out in front the Polo Grounds are crowded. When the Giants are making desperate efforts to yank themselves out of the cellar the crowds dwindle and you will hear them mutter, "What do you mean, Giants?"

It is a merciless game. The baseball fan is utterly without pity. Have you ever seen a nervous recruit getting his first trial before a big league gathering? Let him boot a few through his sheer nervous anxiety to make good and they will boo him off the field and break his spirit unless he is made of fairly stern stuff. You have heard the raucous shout of "Take him out!" when the pitcher starts to go bad. It is the old Roman arena mob, only it speaks with more vehemence. The game does not develop the fine sportsmanship that other games instill because the sense of absolute fair play is not in the fan.

In New York the visiting team may get some credit for good plays, but elsewhere along the circuits of both big leagues, no. The stands are packed with fans who want to see the home team win and they do not care how it wins. It would be almost as gratifying to have the visiting nine break all of its legs and lose as it would be to have the home team win by superior baseball.

The fan at a baseball game is a nut to begin with. He does not watch the game with a fine judicial calm, but in a sort of frenzy. He would not cheat at cards, but he would chuckle with glee if he thought the umpire was giving his team the better of the close ones. I have seen a football game between two colleges at the time when one of the players was to kick a

## Court House News

**County Courts.**  
Lee Rains was bound over to the district court on a charge of rape in the second degree. The preliminary was held before Justice Brown and his bond was set at \$1,500. The crime was committed in the American rooms some few days ago. One Miss Holt of Francis is the complainant and gives her age as 15 years.

Arch Sullivan was before Justice Brown yesterday and fined \$16 for assault and battery. It is alleged that Sullivan engaged in a fistie encounter with Luther Pritchett, a young lad. Pritchett was released, as visible evidence showed that he was not responsible for the occurrence.

have lived together. About November, 1919, he found Mrs. Admire in company with one Emitt Cordle. He asked Mrs. Admire to restrain from showing attention to said Cordle and received the promise that she would sever all relations. Some few days ago Mrs. Admire was found again in company with Cordle, he alleges. He asks the custody of his little daughter, Beatrice Lorine Admire, and a divorce on the grounds that his wife has shown a disposition to be unworthy.

## Bad Actors.

Warrants were issued this morning in the county court for Doc Heaton and his brother, whose name is unknown.

The charge was filed by J. Buckhart, who states that the Heaton brothers pointed a shot gun and rifle at him at the same time, declaring to do bodily harm. The occurrence took place near the Pontotoc and Coal county line. The case will be heard in the county court.

## Your Eyes and Their Care

ADJUSTMENTS AND REPAIRS

In the daily use of glasses the frames often become bent, and should be immediately readjusted so that the eyes may not be strained. We are always pleased to make prompt readjustments in such cases.

Our facilities are such that we can replace broken lens and repair mountings very promptly, avoiding the great inconvenience which often results from delay in such work.

If you have the slightest indication of eye trouble, have your eyes examined immediately. An examination now may be the means of preventing serious or permanent injury to your eyes.

You will find that with very reasonable charges we render services of the most satisfactory character.
